26

FULL-FREIGHTER CARRIERS

426,000

AIRCRAFT MOVEMENTS

MULTIMODAL TRANSPORT CONNECTIONS

AIR **SEA** **RAIL** **ROAD**

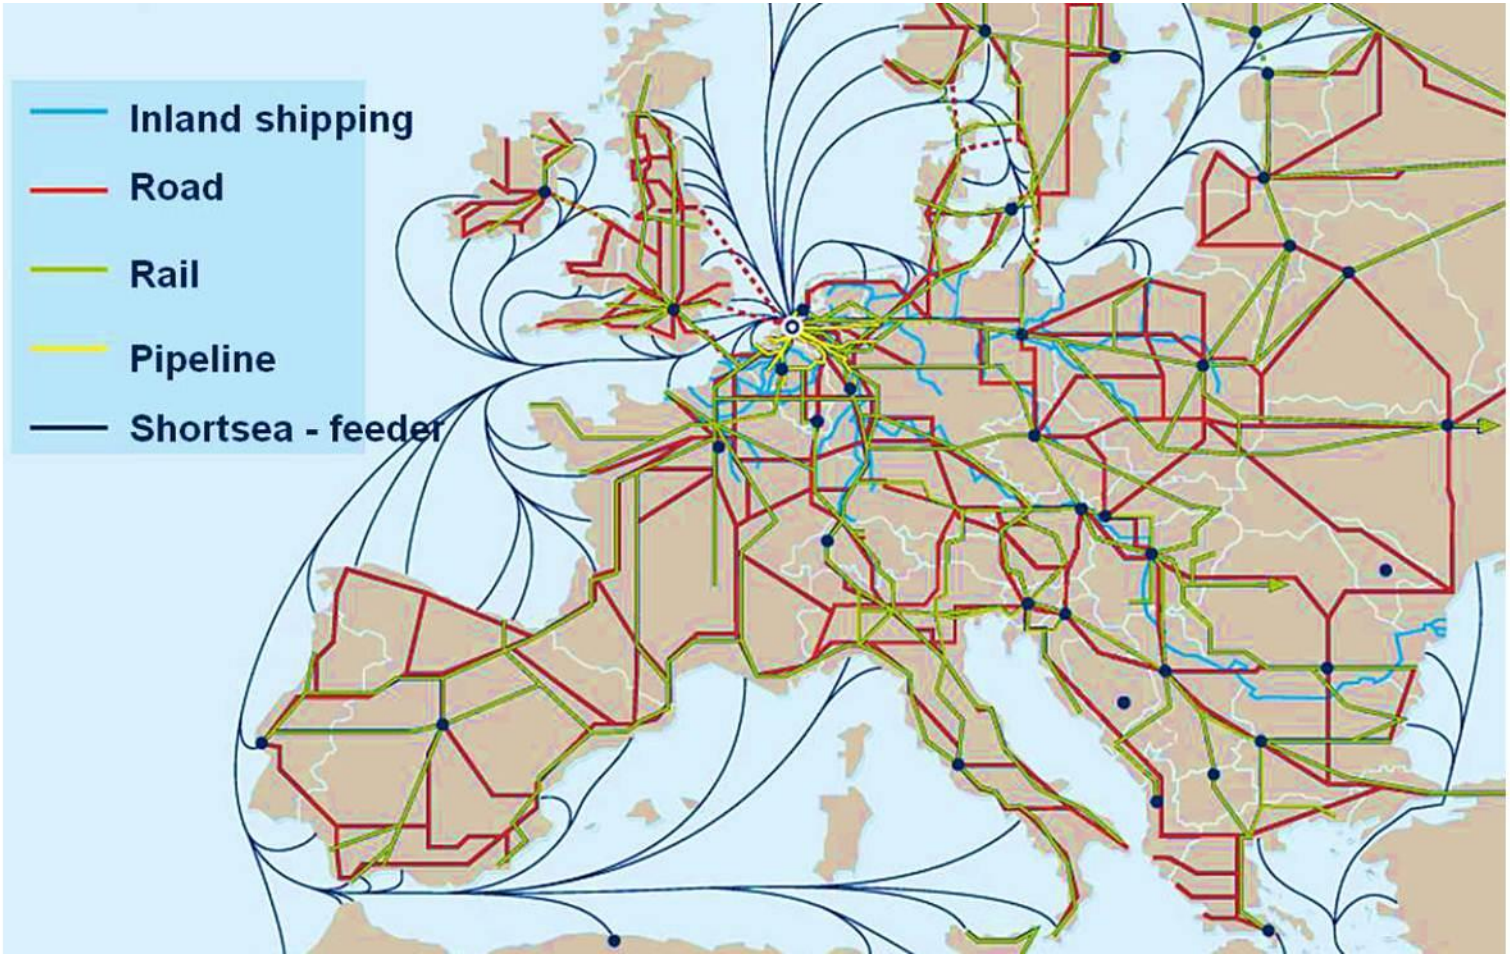
The Dutch logistics tradition

Logistics in The Netherlands

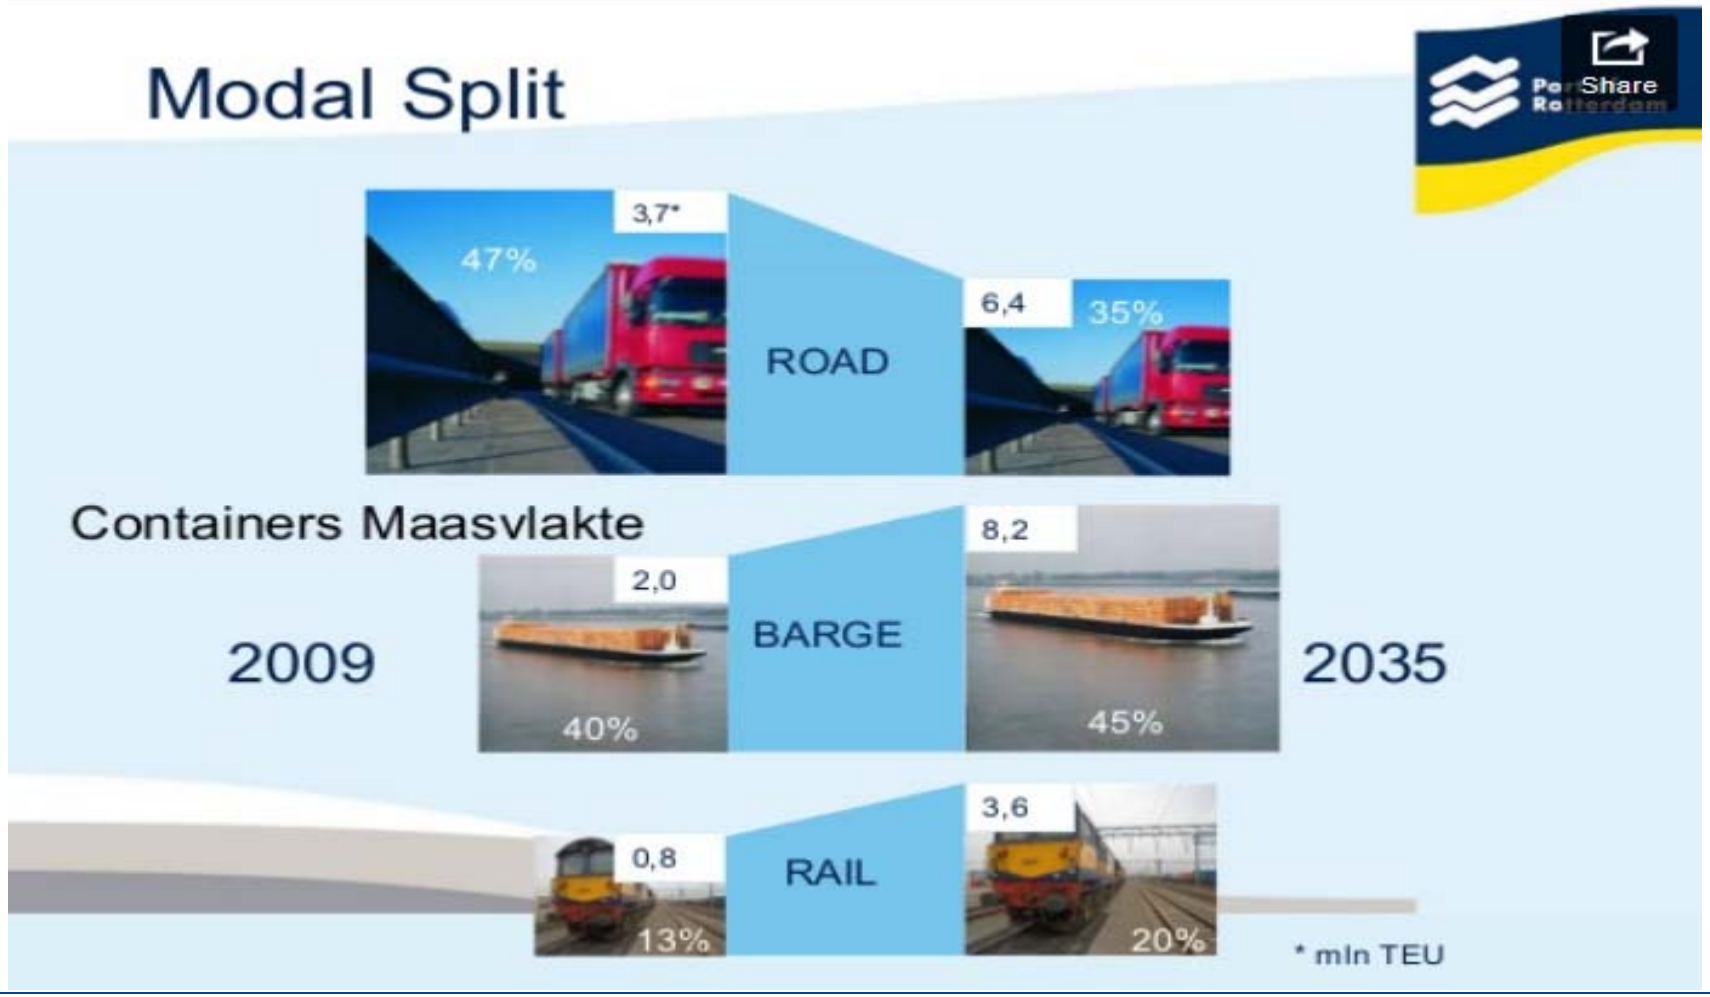
Superior logistics infrastructure

- Port of Rotterdam: Largest port of Europe: 11.6mlnTEU (2014)
- Port of Amsterdam: 4th port in Europe
- Amsterdam Airport Schiphol: 3rd cargo airport of Europe: 1.6mln Tns (2014)
- #2 in Worldbank Logistics Performance Index 2014

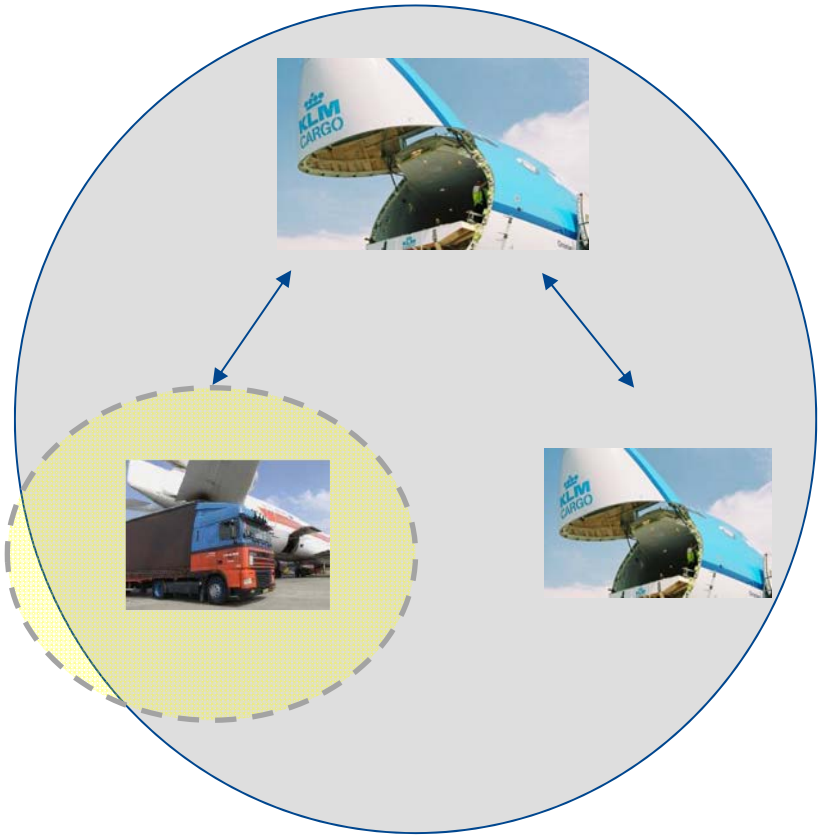
Seamless multimodal connections



Changes ahead! Modal shift in the port of Rotterdam



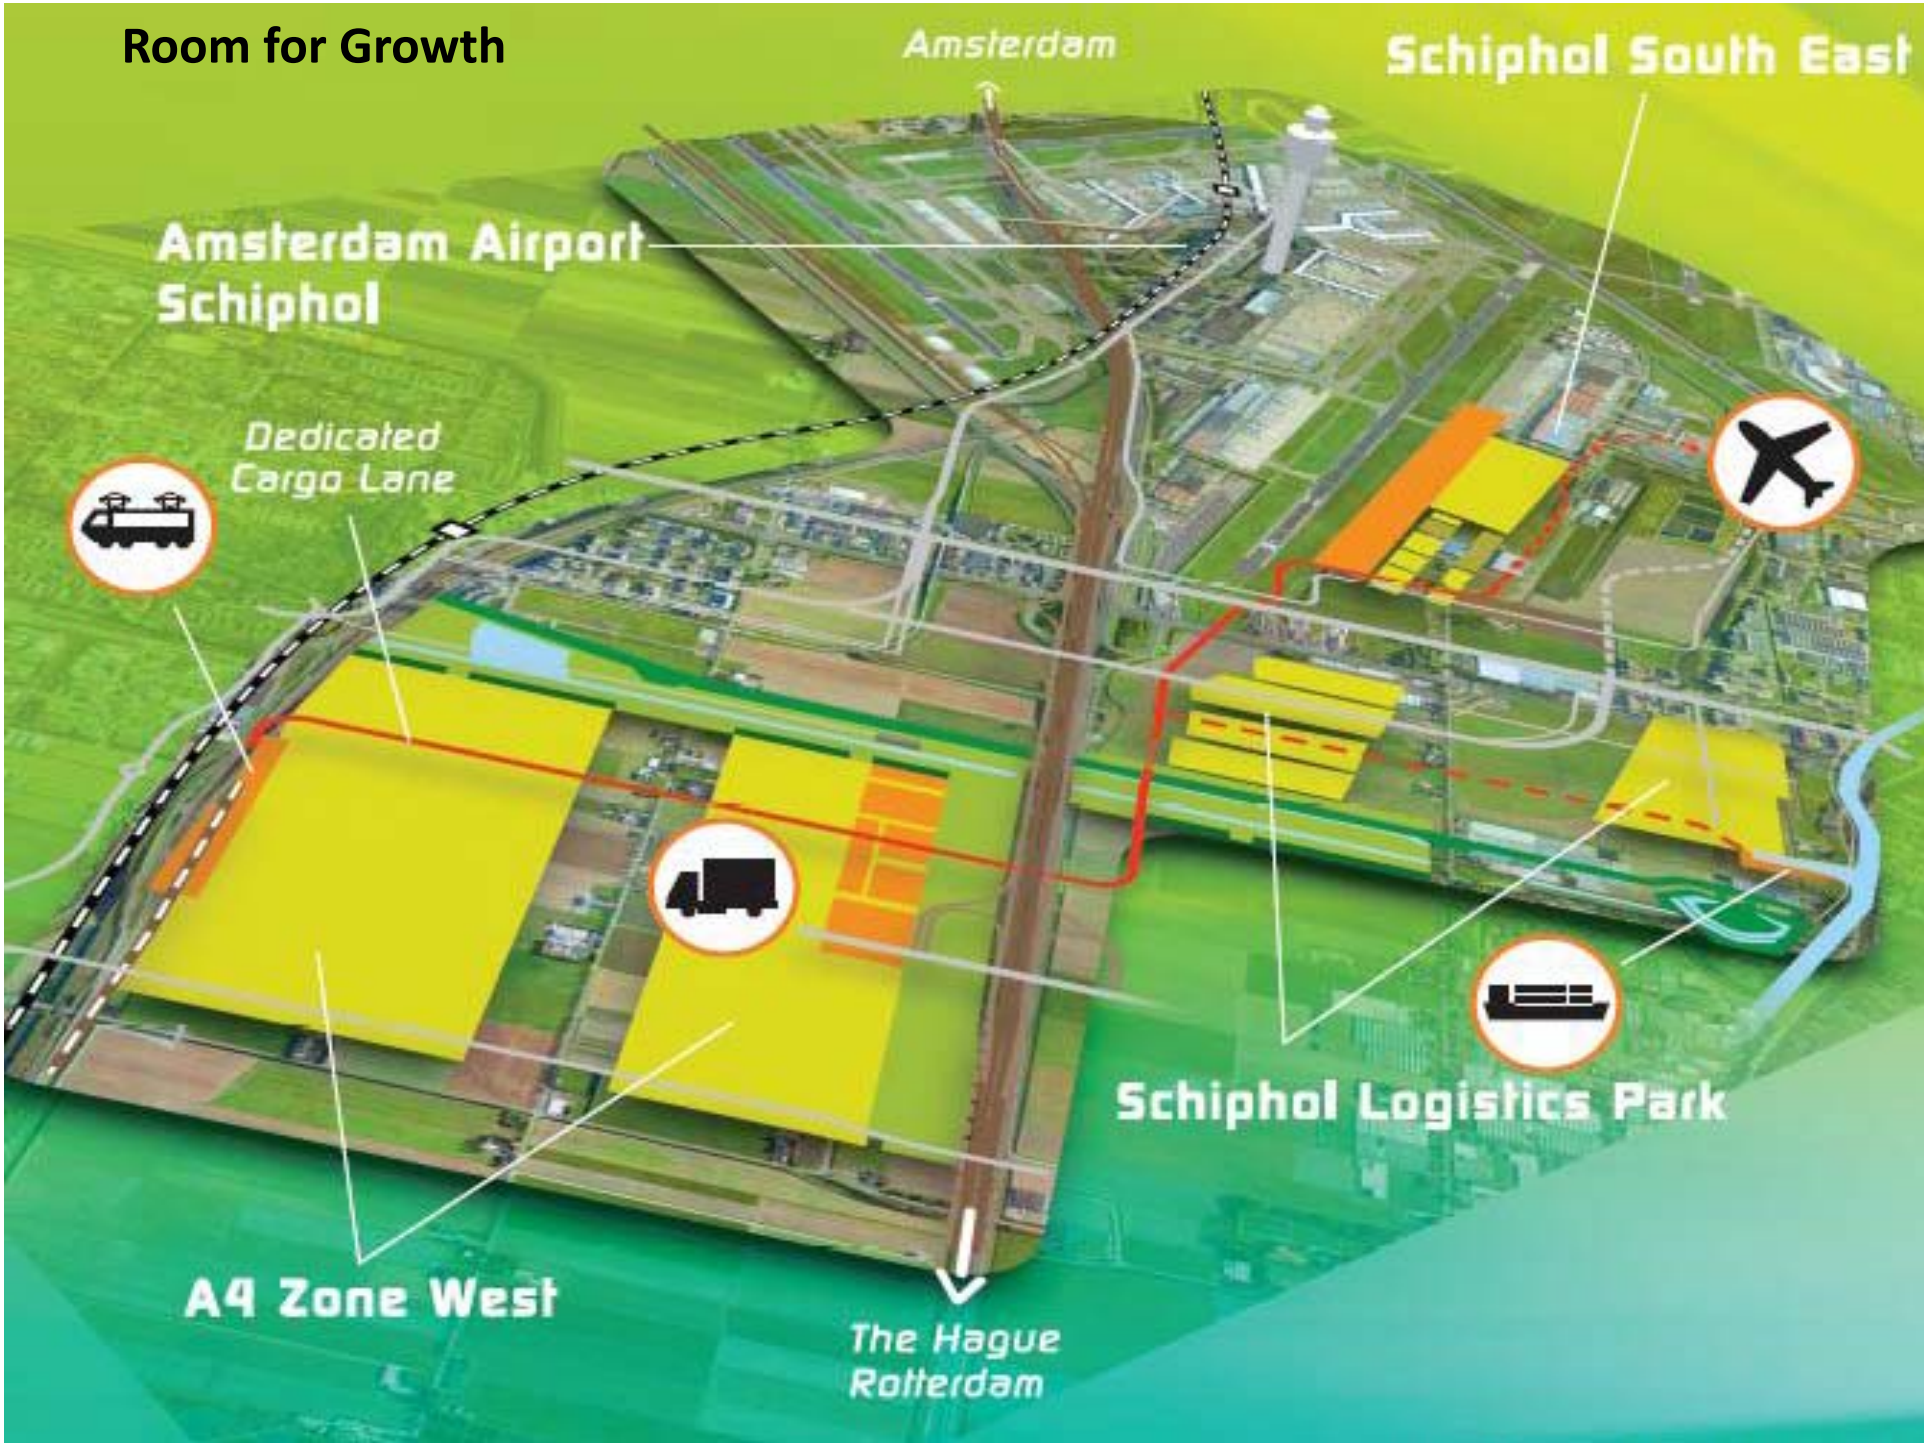
How can we establish modal shift in Airfreight?



Almost 95% of air cargo is transported by truck.

At Amsterdam Airport Schiphol we aim to grow from 1.6mln Tns to 3 mln Tns

Room for Growth



High speed Train Cargo

HST Cargo/CAREX: a new transport mode (next to Air and Road)

International Context: CAREX network
